YOUR PERSONAL WELLBEING

People’s thoughts and feelings often differ once they have a baby.

I would like to ask you some questions about how things have been going for you in the **PAST SEVEN (7) DAYS**. Although some of the questions seem similar, there are differences between them, so please treat each one as a separate question. Please read out the number which comes closest to how you have felt in the **PAST SEVEN (7) DAYS**—not just how you feel today.

Before we begin, I will show you an example question that has already been completed.

- SHOWCARD M-EXAMPLE

In the last 7 days I have felt happy:

1	2	3	4
No, not at all	No, not very often	<u>Yes, most of the time</u>	Yes, all of the time

This would mean “I have felt happy most of the time during the past week”.

Use Of Local And Non-Local Services

We are interested in where you go in your everyday life to get the things that you need. Now talking about local and non-local networks and services, “Local” refers to the area that you live in, that is your suburb within approximately a 10 minute drive. “Non-local” refers to places outside of your local area, for example, in another suburb, or one that is away from where you live.

CLOSING

Thanks so much for your time. You and your [baby/babies] are very important to us, and I've got a little gift just to thank you for taking part in this interview. I hope you've found this interview enjoyable.

In the next few weeks someone from Growing Up might give you a quick call to see how the interview went. Or you may possibly get a card in the post asking how you found this interview that we'd like you to fill out.

Your feedback is really important to us, so if you can give us your impressions of the interview that would be very helpful. We are always trying to make this process better for parents, and so what you have to say will help with this.

We will contact you again in the next year, and then again just before your [BABY IS/BABIES ARE] 2 years old to arrange your next interview with us. But in the meantime we'll also be sending you newsletters about the project so you can keep up to date with what is going on.

To make sure you keep getting these newsletters and so we can continue to meet with you as your [BABY GROWS/BABIES GROW] up, it would be really great if you can call or email to let us know if you change your address, phone, or email details.

And when they are old enough, we will also be talking with your [CHILD/CHILDREN]. We are all very excited about the future of the project, and we will see you again in about a year or so.

Thanks again...until next time.
